- Chinese (N1)

ABOUT ME AND MY PROJECT

Professional in 2D animation, character design and illustration among others.
I am currently developing my own animated short film “Aromas Mudos” (from 2022 – present), although the idea arose in 2016.
I am the full author of the project, from the script, storyboard (vignettes), animatics, concept art, foley (sound effects), animation, integration and composition, video editing; to the soundtrack and voice dubbing.
For now I am in the production phase and I estimate that it will be a short film of more than 12 minutes in length.
